INFORMATION ABOUT THE BOARD OF DIRECTORS

The Board of Directors and its Committees

Our business is managed through the oversight and direction of our Board of Directors. During fiscal 2009, we had three standing committees: the Audit Committee, the Compensation Committee, and the Nominating Committee. Our Board of Directors currently consists of seven persons. Under applicable Nasdaq and SEC requirements, (i) we are required to have a majority of independent directors, and (ii) all of the members of each committee must be independent. The Board of Directors has affirmatively determined that each of H. Stuart Campbell, Michael T. Brooks, Evan C. Guillemín and Paul D. Duke is an “independent director” as such term is defined in Nasdaq Marketplace Rule 4200(a)(15). The Board of Directors has also affirmatively determined that each member of each committee of the Board of Directors satisfies the independence requirements applicable to committees as prescribed by the Nasdaq Marketplace Rules and the rules and regulations of the SEC. Messrs. Schmieder, Sullivan and Dwyer are not “independent directors” because they either are employees of the Company or have been employed by the Company in the past three years.

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company, although it is not involved in day-to-day operating details. The Board meets regularly throughout the year, including the annual organization meeting following the Annual Meeting of Shareholders, to review significant developments affecting the Company and to act upon matters requiring Board approval. It also holds special meetings as required from time to time when important matters arise, requiring Board action between scheduled meetings.

Directors are elected at each Annual Meeting of Shareholders and serve until a successor is duly elected and qualified at an appropriate Annual Meeting of the Shareholders. Vacancies may be filled by an affirmative vote of the majority of the remaining directors.

No director attended fewer than 75 percent of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees of the Board on which he served.

Each non-employee director will be compensated separately for service on the Board and is reimbursed for expenses to attend Board meetings. Members of the Audit, Nominating and Compensation Committees are compensated separately for service on those committees if those meetings are not held in conjunction with a Board of Directors meeting.

Meetings of the Board of Directors

The Board of Directors met four times during fiscal 2009 and each director attended each meeting held during the time in which he was serving as a director.

Attendance at Annual Meeting

Although we do not have a formal policy regarding attendance by the Board of Directors at the Annual Meeting of Shareholders, we encourage directors to attend, and the annual meeting of the Board of Directors typically is held on the same day as the Annual Meeting of Shareholders. We anticipate that each director nominated for re-election or election will attend both meetings in 2009. Each of the then-current directors attended the 2008 Annual Meeting of Shareholders with the exception of Luke R. Schmieder.

Committees of the Board

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The committees are currently the Audit Committee, the Compensation Committee, and the Nominating Committee. In accordance with best practice and Marketplace Rules of the NASDAQ Stock Market, Inc., all the committees are comprised solely of independent non-employee directors. The charter of each committee is available in print to any shareholder who requests it. The table below shows current membership of each of the standing Board committees:

<u>Audit Committee</u>	<u>Compensation Committee</u>	<u>Nominating Committee</u>
H. Stuart Campbell*	H. Stuart Campbell	H. Stuart Campbell
Michael T. Brooks	Michael T. Brooks*	Michael T. Brooks
Paul D. Duke	Paul D. Duke	Paul D. Duke

*—Committee Chairman

In addition to the standing committees mentioned above, the Board may convene special committees to consider various other matters as they arise. During fiscal 2009, the Board did not convene any special committees.

Audit Committee. Pursuant to its charter, the Audit Committee assists the Board of Directors in overseeing (1) the financial statements and audits of the Company, (2) the Company's compliance with financial reporting requirements, and (3) the independence and performance of the Company's internal and external auditors. The Audit Committee charter further requires the Audit Committee to, among other things:

- Review the annual audited financial statements with management and the independent auditors and determine whether to recommend to the Board that they be included in the Company's Annual Report on Form 10-K;
- Review proposed major changes to the Company's auditing and accounting principles and practices;
- Review and evaluate the Company's system of internal controls;
- Review significant financial reporting issues raised by management or the independent auditors; and
- Establish procedures for the receipt, retention, and treatment of complaints received by the

Company regarding accounting, internal accounting controls, or auditing matters as well as the confidential and anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

The Board of Directors has determined that H. Stuart Campbell is an “audit committee financial expert” as defined in the applicable rules and regulations of the Exchange Act and is “independent.” The Audit Committee met six times during fiscal 2009. All members of the Audit Committee were present at each meeting. The SEC has indicated that the designation of a person as an “audit committee financial expert” does not (i) mean that such person is an expert for any purpose, including without limitation for purposes of Section 11 of the Securities Act of 1933, as amended (ii) impose on such person any duties, obligations, or liability that are greater than the duties, obligations, and liability imposed on such person as a member of the Audit Committee and the Board of Directors in the absence of such designation, or (iii) affect the duties, obligations, or liability of any other member of the Audit Committee or the Board of Directors.

As required by Nasdaq, our Board of Directors has reviewed the qualifications of its Audit Committee members and has determined that none of them has a relationship with us that may interfere with the exercise of their independence from management and the Company.

Compensation Committee . Pursuant to its charter, the Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities for compensation of executive officers and administration of the Company’s compensation and benefit plans.

The Compensation Committee met one time during fiscal 2009, and all members of the Compensation Committee were present at that meeting.

Nominating Committee. The Nominating Committee assists the Board of Directors in identifying qualified individuals to become members of the Board.

Special Committees. As needed, special committees may be constituted by the Board to review special matters or assist in special investigations and any matters which may arise out of those investigations. In fiscal 2009, we had no special committees.

Director Nominations

In evaluating potential director candidates, the Nominating Committee considers the appropriate balance of experience, skills, and characteristics required of the Board of Directors and seeks to ensure that at least a majority of the directors are independent under the applicable Marketplace Rules of The NASDAQ Stock Market, Inc. The Nominating Committee selects director nominees based on their personal and professional integrity, depth and breadth of experience, ability to make independent analytical inquiries, understanding of our business, willingness to devote adequate attention and time to duties of the Board of Directors, and such other criteria as is deemed relevant by the Nominating Committee. The Nominating Committee believes that the backgrounds and qualifications of the directors, considered as a group, should provide a diverse mix of experience, knowledge, and skills.

In identifying potential director candidates, the Nominating Committee relies on recommendations made by current directors and officers. In addition, the Nominating Committee may engage a third party search firm to identify and recommend potential candidates. Finally, the Nominating Committee will consider candidates recommended by shareholders.

Compensation Committee Interlocks and Insider Participation

During fiscal 2009, no members of our Compensation Committee were executive officers serving on the compensation committee of another entity whose executive officers served on the Company’s Board of Directors. No member of the Compensation Committee was an officer or employee of the Company, or had a business relationship with or conducted any undisclosed transactions with the Company.

Code of Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our employees, executive officers and directors, including our principal executive officer and principal financial officer. The Code contains written standards that are reasonably designed to deter wrongdoing and includes provisions regarding ethical conduct, conflicts of interest, proper disclosure in all public communications, compliance with all applicable governmental laws, rules and regulations, and the prompt reporting of violations of the Code and accountability for adherence to the Code. A copy of the Code is available at no charge on our web site at www.mesalabs.com .

COMPENSATION, DISCUSSION, AND ANALYSIS

Compensation of Executive Officers

The Compensation Committee supervises our executive compensation program for named individuals. All members of the committee are independent, non-employee directors. As a group, the committee reports to the full Board of Directors. Members of our management do not attend executive sessions of the committee but do, upon request, provide input regarding their performance to the committee. The committee does not engage any outside consultants and does not delegate its authority to anyone. The committee met one time in fiscal 2009.

Compensation Philosophy

The Compensation Committee has designed a compensation program for Named Executive Officers ("NEOs") to attract, retain, and motivate talent in our competitive market environment while focusing the management team and Mesa Laboratories, Inc. on the creation of long-term value for shareholders.

Positions included in the named executive program during fiscal 2009 included: Chief Executive Officer, President, Chief Financial Officer and Vice President of Sales and Marketing. Other positions may be added as business conditions warrant.

Our Compensation Committee administers four elements for named executive officers: base salary (cash), short-term incentives (bonus—cash, equity, or both), long-term incentives (equity), and benefits. The total compensation package reflects Mesa's "Pay for Performance" philosophy, which is to couple employee rewards with the interests of shareholders. We believe strongly that retention and motivation of successful employees is in the long-term interest of shareholders. Further, we believe in development and internal promotion of proven, existing employees whenever optimal for the interests of the Company. The committee targets the total compensation level over time to be competitive with comparable companies in our industry segments and geographic locations.

For the purpose of determining short-term incentives, performance is measured by two variables: sales growth and profit growth. These variables are considered by the committee to be a reliable proxy set for the creation of long-term shareholder value. The committee also evaluates the general economic and market conditions when applying these measurements. The committee believes that it is in the best interest of our shareholders to have a substantial component of total compensation "at-risk" and dependent upon our performance.

Historically, there have been few directly comparable public companies in the analytical instrument and disposable industries. Many of our competitors are much larger companies that are not directly comparable in size, geographic coverage, and scope of product offerings. Therefore, a direct peer group comparison is not comparable and salary survey information from multiple sources is used to supplement available company data.

Base Salary

The base salary is evaluated annually after the completion of the fiscal year. It is adjusted as required to be competitive with the external market, job responsibilities, and the individual's performance in their job. Mr. Schmieder, Dr. Sullivan, Mr. Peterson and Mr. Adriance do not have employment agreements, and in fiscal 2009 had base salaries of \$50,000, \$182,000, \$104,000 and \$104,000.

Short-Term Incentive (Bonus)

Mr. Schmieder retired from his office of Chief Executive Officer as of March 10, 2009. All other officers held their office for the entire fiscal year. According to their authorized bonus plans Dr. Sullivan, Mr. Peterson and Mr. Adriance were awarded bonuses in the amount of \$60,903, \$41,881 and \$40,244 for fiscal 2009. Mr. Schmieder was awarded a bonus of \$15,000 at the discretion of the Board.

For fiscal 2010 the Board has adopted a compensation plan that increases base compensation for each individual by approximately twenty percent. Potential bonus ranges from approximately zero percent to 75 percent of base compensation based on certain net sales and net income goals.

We are not disclosing the specific target objectives set forth in the Plan because we believe that the disclosure thereof would cause us competitive harm. Because we are not disclosing these target objectives, we are stating our assessment of how likely it will be for these targets to be achieved by our executive officers. Although achievement of our target objectives involves future performance and, therefore, is subject to uncertainties, the Compensation Committee believes it has established target objectives that are achievable with an appropriate amount of dedication and hard work and, therefore, it is more likely than not that each executive officer will earn a bonus under the Executive Compensation Plan.

Long-Term Incentive (Stock Options)

Our Compensation Committee makes routine stock option grants to the executives at hire and on an annual basis. During fiscal 2009, Mr. Schmieder, Dr. Sullivan, Mr. Peterson and Mr. Adriance were awarded 1,800, 5,400, 2,700 and 2,700 options each. For fiscal 2010, Dr. Sullivan, Mr. Peterson and Mr. Adriance have been awarded 8,000, 4,000 and 4,000 options each.

Benefits

Our benefit philosophy is to provide named executives with health, welfare, and retirement (401(k)) benefits consistent with those generally offered to other employees.

Employment and Change-in-Control Agreements

We do not maintain employment agreements with our Named Executive Officers. Our current stock option plans do call for immediate vesting of all outstanding options upon a change in control of the Company.

Compensation Plans

- *Participation in Compensation Plans* . Each NEO is eligible to participate in the following plans:
 - *Executive Compensation Plan*. Pursuant to this plan, each NEO has the opportunity to earn an annual bonus based on performance measures and annual incentive plan goals, which are established by the Compensation Committee. The opportunity to earn a bonus under the Executive Compensation Plan is expressed as dollar amounts to be paid for certain levels of net sales and net income performance and is set each year for each NEO separately. For fiscal 2008 and 2009, the maximum percentages of base salary for the executive officers ranges from approximately 0% to 80%, with a target cash bonus set at 50 to 80% of base salary.
 - *Stock Option Grants*. Upon starting employment, the NEOs received grants of options. Each year, each NEO will receive an option grant to purchase shares of common stock based on the discretion of the Compensation Committee. These option grants vest over a four-year period based on continued service.
 - *Other Plans*. The NEOs and, to the extent applicable, the NEOs' families, dependents, and beneficiaries may participate in the benefit or similar plans, policies, or programs provided to similarly situated employees under our standard employment practices as in effect from time to time.

- *Termination and Change-in-Control Payments.* Employment with Mesa Laboratories, Inc. provides for the following termination payments:
 - Upon termination for any reason whatsoever, an NEO (or in case of death, his estate) is entitled to all salary and expense reimbursements due through the date of such termination and such benefits as are available pursuant to the terms of any benefit or similar plans, policies, or programs in which he was participating at the time of such termination.
 - Upon a Change-in-Control (as defined in the Employee Stock Option Agreement), each NEO will be entitled to full vesting of all stock options awarded.

Potential Payments upon Termination or Change-in-Control

The following summaries set forth potential payments payable to our NEO's upon termination of employment or a Change-in-Control of us under our compensation plans and our stock plans and other compensation programs. For purposes of the following summaries, dollar amounts are estimates based on salary as of March 31, 2009, benefits paid to the NEO's in fiscal 2009 (and any prior years as applicable), and stock and option holdings of the NEO's as of March 31, 2009. The summaries assume a price per share of our common stock of \$21.93, which was the closing price per share on March 31, 2009, as reported on the NASDAQ Global Market.

Termination and Change-in-Control. Except for certain circumstances relating to a change in control of the Company (discussed below), none of our named executive officers have an employment agreement or termination of employment arrangement. Instead, those named executive officers are employed "at will", which means that the Company may terminate their employment at any time with or without cause and without advance notice. Therefore, other than in the context of a change in control of the Company, those named executive officers may receive only the same severance benefit as would be provided to other salaried ("exempt") U.S. employees. Upon our Change-in-Control, all of the NEO's stock option awards which are unvested will automatically accelerate and become fully vested.

Upon termination for any reason whatsoever, each NEO (or in case of death, his estate) is entitled to all salary and expense reimbursements due to such NEO through the date of his termination, any accrued unused paid vacation, and such benefits as are available pursuant to the terms of any benefit plans, policies, or programs in which he was participating at the time of such termination.

Luke R. Schmieder

Assuming that Mr. Schmieder's employment was terminated under each of these circumstances, or a Change-in-Control occurred on March 31, 2009, such payments and benefits have an estimated value as follows (less applicable withholding taxes):

Scenario	Cash Severance (\$)	Value of Equity Awards Received or to be Received (\$)
Death or Disability	0	0
Termination for cause	0	0
Termination for Good Reason by Mr. Schmieder or without cause by Mesa Laboratories, Inc.	0	0
Involuntary termination other than for cause within 12 months of a change-in-control	0 ⁽¹⁾	5,093(1)

⁽¹⁾ As of March 31, 2009, Mr. Schmieder held unvested stock options to purchase 5,400 shares of our common stock. The value of accelerating these unvested stock options was calculated by multiplying 2,100 shares underlying Mr. Schmieder's unvested stock options that were in-the-money at March 31, 2009 by \$2.425 (the difference between the weighted average exercise price for options in-the-money at March 31, 2009 and \$16.00 (our closing price per share on March 31, 2009)).

John, J. Sullivan, Ph.D.

Assuming that Dr. Sullivan's employment was terminated under each of these circumstances, or a Change-in-Control occurred on March 31, 2009, such payments and benefits have an estimated value as follows (less applicable withholding taxes):

Scenario	Cash Severance (\$)	Value of Equity Awards Received or to be Received (\$)
Death or Disability	0	0
Termination for cause	0	0
Termination for Good Reason by Dr. Sullivan or without cause by Mesa Laboratories, Inc.	0	0
Involuntary termination other than for cause within 12 months of a change-in-control	0	18,051(1)

⁽¹⁾ As of March 31, 2009, Dr. Sullivan held unvested stock options to purchase 65,500 shares of our common stock. The value of accelerating these unvested stock options was calculated by multiplying 24,100 shares underlying Dr. Sullivan's unvested stock options that were in-the-money at March 31, 2009 by \$0.749 (the difference between the weighted average exercise price for options in-the-money at March 31, 2009 and \$16.00 (our closing price per share on March 31, 2009)).

Steven W. Peterson

Assuming that Mr. Peterson's employment was terminated under each of these circumstances, or a Change-in-Control occurred on March 31, 2009, such payments and benefits have an estimated value as follows (less applicable withholding taxes):

<u>Scenario</u>	<u>Cash Severance (\$)</u>	<u>Value of Equity Awards Received or to be Received (\$)</u>

⁽¹⁾ As of March 31, 2009, Mr. Peterson held unvested stock options to purchase 7,050 shares of our common stock. The value of accelerating these unvested stock options was calculated by multiplying 2,100 shares underlying Mr. Peterson's unvested stock options that were in-the-money at March 31, 2009 by \$2.425 (the difference between the weighted average exercise price for options in-the-money at March 31, 2009 and \$16.00 (our closing price per share on March 31, 2009)).

Termination for cause	0	0
Termination for Good Reason by Mr. Adriance or without cause by Mesa Laboratories, Inc.	0	0
Involuntary termination other than for cause within 12 months of a change-in-control	0	0(1)

⁽¹⁾ As of March 31, 2009, Mr. Adriance held unvested stock options to purchase 8,700 shares of our common stock. The value of accelerating these unvested stock options was calculated by multiplying zero shares underlying Mr. Adriance's unvested stock options that were in-the-money at March 31, 2009 by \$0.00 (the difference between the weighted average exercise price for options in-the-money at March 31, 2009 and \$16.00 (our closing price per share on March 31, 2009)).

Equity Compensation Plans

We have three equity compensation plans currently in effect, each of which has been approved by our shareholders. The following table provides information as of March 31, 2009, on these plans.

Plan Category	(a) Number of securities to be issued upon exercise of outstanding options, warrants and rights	(b) Weighted- average exercise price of outstanding options, warrants and rights	(c) Number of securities available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Outside Director's Plan	26,500	\$ 11.19	— ⁽¹⁾

2006 Incentive Compensation Plan	104,880	\$ 20.68	295,120 ⁽¹⁾
	358,725	\$ 16.68	306,715

⁽¹⁾ The Outside Director's Plan has expired and no new awards may be issued under this Plan.

On October 3, 1996, the Company adopted a new nonqualified performance stock option plan for the benefit of the Company's outside Directors. The plan provides that the outside Directors will receive grants to be determined and approved by the Company's inside directors and not to exceed 20,000 options per year per director. Under the terms of the plan, the options are exercisable for a term of ten years, and during such term are exercisable as follows: 25% after each year, and 100% anytime after the fourth year until the end of the tenth year. The purchase price of the common stock will be equal to 100% of the closing bid price of the common stock on the over-the-counter market on the date of grant. Effective March 24, 2006, this plan has expired.

On October 21, 1999, the Company adopted a new stock compensation plan. The purpose of the plan is to encourage ownership of the Common Stock of the Company by certain officers, directors, employees and certain advisors of the Company in order to provide incentive to promote the success and business of the Company. A total of 300,000 shares of Common Stock have been reserved for issuance under the plan and are subject to terms as set by the Compensation Committee of the Board of Directors at the time of grant. On October 18, 2004, the shareholders approved an amendment to the plan to reserve an additional 200,000 shares of Common Stock for issuance under the plan.

On December 8, 2006, the Company adopted a new stock compensation plan. The purpose of the plan is to encourage ownership of the Common Stock of the Company by certain officers, directors, employees and certain advisors of the Company in order to provide incentive to promote the success and business of the Company. A total of 400,000 shares of Common Stock were reserved for issuance under the plan and are subject to terms as set by the Compensation Committee of the Board of Directors at the time of grant.

Retirement Plan

The Company adopted a 401(k) plan effective January 1, 2000. Participation is voluntary and employees are eligible to participate at age 21 and after six months of employment with the Company. The Company matches 50% of the employee's contribution up to 6% of the employee's salary. A participant vests in the Company's contributions at a rate of 25% per year, fully vesting at the end of the participant's fourth year of service.

Certain Relationships and Related Transactions, Employment Contracts, Termination of Employment Contracts and Change in Control Agreements

Other than as set forth in the following paragraphs, we are not aware of any transactions since the beginning of fiscal 2009 or any currently proposed transaction between us or our subsidiaries and any member of the Board of Directors, any of our executive officers, any security holder who is known to us to own of record or beneficially more than 5% of our common stock, or any member of the immediate family of any of the foregoing persons, in which the amount involved exceeds \$120,000 and in which any of the foregoing persons had, or will have, a direct or indirect material interest. Except as otherwise noted and as applicable, we believe that each transaction described below is, or was, as the case may be, on terms at least as favorable to us as we would expect to negotiate with an unaffiliated party.

On December 31, 2008 the Company purchased 2,000 shares of Mesa Laboratories, Inc. common stock in a related party transaction from its Chief Financial Officer, Mr. Steven Peterson, for \$34,840. This transaction was paid from the Company's existing cash balance, and the price paid of \$17.42 per common share was based on the weighted average of closing prices for the previous five trading days and compared favorably to the closing price on December 31, 2008 of \$17.50 per common share.

On February 27, 2007, the Company entered into an agreement to purchase 30,000 shares of Mesa Laboratories, Inc. common stock from one of its current Board of Directors members, Mr. Paul D. Duke. Under the terms of the agreement, Mesa Laboratories, Inc. would purchase 3,000 shares of Mesa Laboratories, Inc. common stock from Mr. Duke each month beginning in March 2007 through December 2007 at a per share price equal to the volume weighted average price (VWAP) of the common stock for the

previous calendar month. While Mr. Duke's commitment to sell was binding through the entire term of the buyback period, the company and its Board retained the right to rescind the agreement at anytime during the period depending upon the circumstances existing at the time.
